Kings My Home, Chunabhatti, Mumbai 400022

SUMMARY

To begin my career in a reputed IT organization where I can apply my technical skills in software development and problem-solving, while contributing to innovative projects and continuously enhancing my knowledge.

EDUCATION

Bachelor of Science in Information Technology 2023 - 2026
J.M. Patel College, Goregaon CGPI – 7.90

HSC 2022 - 2023
Navjeen Junior College, Rajapur 54.67%

SSC 2020 - 2021
Acharya Jawdekar Vidyalay, Vilaye 83.80%

PROJECTS

E-Commerce Website

Built a responsive e-commerce website for selling authentic Konkan food products using HTML, CSS, JavaScript, PHP, and MySQL. Implemented features such as product display, user login, add-to-cart, and order management. This project strengthened full-stack development skills, database management, and understanding of e-commerce website design.

TECHNICAL SKILLS

- Programming Languages: **Python, JavaScript**
- Web Technologies: **HTML, CSS**
- Databases: **SQL, PHP**

OTHER ACHIEVEMENTS (CERTIFICATIONS, WORKSHOPS ATTENDED)

DLLE

Participated in DLLE activities focused on community engagement, social awareness, and teamwork. Contributed to various extension activities and developed communication, leadership, teamwork, and organizational skills through active participation.

Raspberry Pi & IoT Kit Workshop

Participated in a hands-on workshop focused on Raspberry Pi, IoT concepts, sensor interfacing, and Python programming. Gained practical experience in GPIO-based device control, hardware integration, automation, and development of basic IoT applications.

Technomina
Gas leakage sensor

Developed an IoT-enabled system to detect gas leakage in real time using a gas sensor and microcontroller, with automatic buzzer alerts for enhanced safety.
